- Python from Basics to Advanced + RPA + Real Projects - Udemy - 2025
- Complete Artificial Intelligence Training - Udemy - 2025
- Python Programming Fundamentals for Data Analysis and Data Science - Data Science Academy - 2024

Summary

I'm looking for an opportunity in the software development area, where I can apply and expand my knowledge in programming, web frameworks and good software engineering practices. I learn easily, I'm proactive and I like working in a team.
